# The Stainless Steel Advantage

## ZERO LEAD CONTAMINATION

Water quality not compromised.

## NO GRIME BUILD-UP

Waterways remain clean and the quality and taste of the water is not distorted.

## SMOOTH FINISH

Stainless steel provides an easy to clean surface and prevents the build-up of bacteria.

## HIGHLY DURABLE

Strong material reducing the occurrence of dents and bends.

## SMALL FOOTPRINT

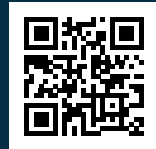

Stainless steel is 100% recyclable.

## Premium Quality

3monkee accessible products are manufactured from 100% stainless steel, making them hygienic, sturdy, and stylish. This makes them perfect for use in various applications such as assisted living, aged care, NDIS shopping centres, clubs, schools, airports, and other public areas.

3monkee accessibility products comply with AS1428.1 standards where noted and can be installed in a variety of projects requiring access.
