The Stainless Steel Advantage

ZERO LEAD CONTAMINATION

Water quality not compromised.

NO GRIME BUILD-UP

Waterways remain clean and the quality and taste of the water is not distorted.

SMOOTH FINISH

Stainless steel provides an easy to clean surface and prevents the build-up of bacteria.

HIGHLY DURABLE

Strong material reducing the occurrence of dents and bends.

SMALL FOOTPRINT

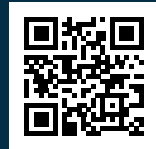

Stainless steel is 100% recyclable.

Premium Quality

To ensure 3monkeez® tapware withstands the rigors of any commercial application, our Guardian Tapware® range of products are manufactured from 100% stainless steel (S/S) and quality materials.

The clean, attractive appearance and premium qualities of stainless steel protect your health and the environment, making it ideally suited to modern fit-outs to provide a lifetime of satisfaction.
